

WALKING IN “THE ANCIENT PATHS” ISRAEL WITH JORDAN OPTION

Tour Hosts and Guides: Dr. James Tabor - Dr. DeWayne Coxon

Israel: October 21–30, 2011

Jordan: October 30-November 3, 2011 (optional add-on)

TOUR SUMMARY

We will leave the USA on Friday evening, October 21st, flying overnight to Jerusalem. Our first night will be at the lovely Dan Hotel on Mt. Scopus. This unique tour will emphasize three main areas: the Arava or Judean Desert where Abraham and Moses lived and laid down the foundations of Torah Faith; Jerusalem, the capital of ancient Israel and the city where Jesus spent his last days; and the Galilee where Jesus launched his preaching of the Kingdom of God and began a movement that has changed the world. Our goal will be to capture the historic and spiritual roots of both Judaism and the early Jesus movement as we literally walk the ancient pathways and experience the settings that gave birth to our Judaeo-Christian heritage. One unique feature of this tour is a day spent “getting our hands dirty” and learning a bit of archaeology at the ancient biblical site of Tamar, one of the most fascinating digs in Israel today. This trip will transform the way you read and understand the Bible as you put the times and places with the ancient texts. We take only one bus of 45 participants to allow for the time and opportunity to interact with the tour hosts and one another on a daily personal basis. We have no expectations regarding belief systems, politics, or faith orientations. All that is required to go on this tour is a strong orientation toward learning more about the Bible and its history, and particularly where Jews and Christians cross paths in the Holy Land, both past and present.
